Precinct No. 3 .....	335	132	596	1063
 Totals .....	 558	 285	 995	 1838

MICHAEL F. RYAN  
HARLAND E. COOK  
ERNEST DUBOIS

Registrars of Bellingham.

**REPORT OF THE BOARD OF SELECTMEN**

The Board of Selectmen, with Walter P. Lewinski, Leo A. Gosselin and Edgar Wade as members, organized for the year 1946 with Walter P. Lewinski as Chairman and Leo A. Gosselin as Clerk.

**STATE AUDIT.** The Selectmen in April requested the State Division of Accounts to conduct an audit of the receipts and expenses of the preceding financial year. Although minor errors of omission and commission were noted in the audit report, no flagrant irregularity was disclosed, and the financial accounts were found substantially correct.

**VETERANS' SERVICES.** The Office of Veterans' Services, managed by Director Lionel R. Trudeau, with the assistance of a nine member Advisory Board, provided a convenient center for veterans of all wars in connection with assistance and information in the solution of veterans' problems.

**TOWN DUMP.** Numerous complaints having been received about the unsatisfactory conditions prevailing at the Town Dump on Westminster Ave., it was decided to appoint a Special Police Officer to regulate dumping at that location, and to prevent outside people from using the dump facilities. The thickly settled section in South Bellingham requires a public dump, and measures will have to be taken either to remove the present dump to another location, or to render the present site less objectionable to the nearby residents.

**DRAINAGE.** The surface drainage situation in certain sections demands immediate attention, especially along Westminster Ave. and Peters' River, where the flow of surface water has been increased without a corresponding increase in drainage facilities, causing flooded conditions on many a parcel of land in that section.

**STREET LIGHTS.** The program of extension of street lights was continued, and new locations have been authorized, with installations expected in the near future as soon as materials become available. A survey has been made for the Silver Lake section and Lake Street, and street lights should be provided for that area.

**MUNICIPAL FIELD.** The athletic field adjoining the High School premises is assuming more importance every year, and its continued improvement and maintenance is highly recommended.

**FIRE DEPARTMENT.** Some valuable Civilian Defense equipment was purchased at the very low price of \$200, providing extra apparatus for the volunteer fire department.

**SCOTT'S CURVE.** The long-awaited elimination of Scott's Curve on South Main Street was a capital achievement of 1946, at a cost to the town of approximately \$3000. The project was carried through by a private contractor under the supervision of the State Department of Public Works.

**NORTH BELLINGHAM COMMUNITY BUILDING.** The thickly settled area embraced by Caryville and North Bellingham is being provided with a community building that will serve as a center for social and civic activities. Extensive interior repairs already have been completed, and the improvements should be continued with necessary exterior repairs.

**BY-LAWS.** At a Special Town Meeting held on July 8, 1946, the voters authorized Moderator William W. Fairbanks to appoint a committee of three to compile a set of By-Laws for Bellingham, and Andor deJony, Joseph I. Taylor and Herbert Hannah were appointed for that purpose. The By-Laws, as recommended by that committee, were adopted by the voters at a Special Town Meeting held on December 2, 1946, and approved by the Attorney General on December 30, 1946.

**TRAFFIC REGULATIONS.** The Police Department is handicapped in its operation by the absence of Traffic Regulations, and it is recommended that such regulations be adopted as soon as possible, either as part of the By-Laws, or as separate rules to be approved by the State Department of Public Works.

**HEALTH REGULATIONS.** The Board of Selectmen, acting as a Board of Health, has been unable to take action in many nuisance cases because of the lack of a set of health regulations in Bellingham, and the adoption of such rules is recommended. The publication of the By-Laws, Traffic Regulations, and Health Regulations in one town bulletin or pamphlet is recommended.

**STREETS.** The highway improvement program is continuing, and every year sees additional streets being added to the list of tarred and completed ways. The acquisition of two new trucks by the Highway Department should effect a drastic reduction in the expenditures for the Machinery Account; the truck specifications should guarantee efficient service at a minimum cost.

**LIQUOR LICENSES.** The following schedule of fees for licenses for the sale of alcoholic beverages has been adopted by the Selectmen:

Restaurant—all alcoholic beverages	\$300.00
Restaurant—wines and beer	150.00
Club—all alcoholic beverages	200.00
Package store—all alcoholic beverages	150.00

Package store—wines and beer	100.00
Seasonal—all alcoholic beverages	100.00

The holders of licenses for the sale of alcoholic beverages in Bellingham are as follows:

Peter Coniaris	Seasonal—all alcoholic beverages
Wasyl Kornicki	Restaurant—all alcoholic beverages
Earl Rogers	Restaurant—all alcoholic beverages
John F. Sullivan, Inc. (Angelina Devenuto)	Restaurant—all alcoholic beverages
Peter Coniaris	Restaurant—wines and beer
Harold Dahlstrom	Restaurant—wines and beer

**RECEIPTS.** The receipts from licenses of all kinds issued and granted by the Board of Selectmen in 1946 reached a new high with the sum of \$3,764.00.

**DEBT.** For the second successive year, Bellingham completed its 1946 fiscal year without any outstanding indebtedness incurred in anticipation of revenue. The cash balance at the end of the year was \$30,000.

**TOWN HALL.** The oldest municipal building in town requires extensive interior repairs, and we recommend the adoption of a program to renovate the upper part of the building.

**INDUSTRY.** The large textile mill being erected at Box Pond in Bellingham Center is definitely a major contribution to the progress of the town, and will prove to be a most substantial asset.

**REPORT OF THE SUPERINTENDENT OF STREETS**

Bellingham, Mass.  
December 31, 1946.

To the Honorable Board of Selectmen,

Gentlemen:

I hereby submit my report as Highway Superintendent for the year ending December 31, 1946.

As agreed at a meeting of your board with Mr. Rowe representing the State Department and as prescribed by Chapter 81 under which general highway repairs are made, I have had the following streets treated and sealed with bituminous oils and tars in whole or in part as follows: Pearl, Farm, Hartford Ave., North Main, South Main, Blackstone, North, Center, Maple and Plain Streets.

A mix-in-place treatment comprising sand, stone and tar was applied to sections of Pearl, South Main Streets and Hartford Avenue.

Two sections of South Main Street and one section of Wrentham Street were excavated. These were gravelled, shaped and tarred.

Bituminous patching was done, catch basins were cleaned and fall and spring scraping was done in the usual manner.

Under Chapter 90 the whole of Pulaski Boulevard and part of Wrentham Street were sealed with RC-2 materials as directed by engineer.

Special appropriation monies were used to reshape, grade, gravel and tar such streets as Winter, Central, Trenton, Irving, Elbow, Stockholm, Park and Pleasant.

Railings were renewed on sections of Pulaski Boulevard, Wrentham and North Main Streets. Planking on Park Street bridge renewed. Cement caps were installed on Wrentham Street bridge.

Some of the equipment used by highway department is in bad condition due to wear, and should be renewed. The road grader is in a very poor mechanical condition and is too small to fill in the present requirements. Bearing in mind the age of this grader, its present condition and the contemplated road improvements for the ensuing year, I would consider it good policy if the town should purchase a new machine at this time.

Snow plowing was let out to residents in various parts of the town, who were assigned their respective routes.

Respectfully submitted,

PAUL ROBIDOUX,

Superintendent of Streets.

**REPORT OF THE PHYSICIAN TO THE BOARD OF HEALTH**

December 24, 1946.

Board of Public Health,  
Bellingham, Mass.

Gentlemen:

The following is a report of the work done by me as physician to the Board of Health for the Town of Bellingham during the year of 1946:

Toxoid clinic opened April 5, 1946, closed June 14, 1946. Fifty children received the three protective doses of Toxoid. Sixteen children received one or two doses and for one reason or another did not finish. The age groups who finished their treatment are as follows:

From six months to one year	14
From one year to five years	24
From five years to nine years	10
Over nine years	2

A booster toxoid clinic was held on December 4, 1946. Two hundred seven school children from six to 12 years of age were given treatment, 12 pre-school children were given treatment.

This is the first year that a booster toxoid clinic was held. It was recommended by the Massachusetts State Department of Public Health throughout the entire State and as noted above we had a very large clinic which was very gratifying.

During the early fall there were reports of an infantile paralysis epidemic in this area. We were most fortunate as we had only one reportable case.

In closing I wish to thank you gentlemen for your co-operation and also Miss Grace Moran for her assistance.

Respectfully submitted,

HAROLD L. SHENKER, M. D.,  
Physician to the Board of Health, Bellingham, Mass.

**REPORT OF THE SEALER OF WEIGHTS AND MEASURES**

To the Honorable Board of Selectmen:

I hereby submit my report as sealer of weights and measures for the year ending Dec. 31, 1946:

All places of business in the town of Bellingham were visited by me after notification by public notice as the law requires: and also peddlers as to licenses.

Sealers measures, etc., sealed and adjusted.	
Platform over 10,000 lbs. adjusted and sealed	3
Platform 5,000 to 10,000 lbs. sealed and adjusted	3
Spring under 100 lbs.	4
Computing under 100 lbs.	9
Liquid 1 gallon and under	1
Meter 1 inch inlet	28
Quantity measure on pumps	2

Respectfully submitted,

**ADRIEN TRUDEAU,**  
Sealer of Weights and Measures.

**REPORT OF THE DIRECTOR OF VETERANS' SERVICES**

For the Fiscal Year Ending December 31, 1946

Bellingham, Mass.  
January 7, 1947.

To the Board of Selectmen of Bellingham:

Gentlemen:

I herewith submit my first annual report as Director of Veterans' Services in the Town of Bellingham.

The fiscal year 1946 has been a busy one indeed for the Department of Veterans' Services. It is with pride that I am now able to report that the Town of Bellingham, through the medium of this depart-

ment, was ready and able to assist its veterans in solving the many and varied problems which confronted them on their return to civilian life.

The following is a summary of the activity of the Department of Veterans' Services during the past year:

Kind of Form	No. Processed
Application for Mass. State Bonus	342
Application for appeal of disallowed bonus	134
Application for bonus by dependents of deceased	4
Affidavits in support of bonus claims	176
Application for educational benefits under Pub. Law 346	51
Application for education and training under Pub. Law 16	18
Application for terminal leave	225
Application for reinstatement in N. S. L. I.	17
Application for pension	9
Appeal of pension allowances	6
Application for out-patient treatment	13
Application for Veterans' benefits under state and local regulations	16
Certified copy of record of discharge	64

In addition to processing the above, I have to date recorded 126 discharges of all branches of the service. This number, I am sorry to say, is far from representing all the discharges which should be recorded in this town. Unfortunately there are many discharge papers which I could not record when the veterans came to my office for interviews on their bonus, because the forms required were not available during the first few months of 1946. I have since tried to inform all veterans of this town with the importance of having their discharge papers recorded, but with very limited success. I therefore again wish to request that each veteran have his discharge papers recorded as soon as possible so that they may become official town records. Every veteran owes himself this protection.

#### Financial Report

##### For the Fiscal Year Ending December 31, 1946

Original Appropriation	\$5,000.00
Supplementary Appropriation	950.00
Total Appropriation	\$5,950.00

#### EXPENDITURES

##### 1. Administrative expenses

Director's salary	\$1,020.00
Travel	294.00
Office supplies	75.73

2. Honor Roll expenses:		
Upkeep, repair, replacements		293.54
3. Veterans' Benefits:		
a) Regular cases:		
Cash	2,707.50	
Medical	45.86	
Miscellaneous	122.40	
b) Special cases:		
Food	309.00	
Medical	387.25	
Miscellaneous	46.95	
Total expenditures		\$5,302.23
Unexpended balance		<hr/> \$647.27

As evidenced by the above financial report, there remained in this department an unexpended balance of \$647.27. The Town of Bellingham realized the above saving because after repeated efforts I was able to transfer part of the town's share of the expenses of Veterans' Benefits to the State and Federal governments.

I wish to take this opportunity to thank publicly John J. Clancy of North Bellingham and Charles Mullally of Millville, representatives of the Massachusetts State Bonus Division, for their untiring efforts in expediting for our local veterans the approval of many bonus applications. I also wish to thank Mr. Percy L. Rowe, superintendent of schools, and Mr. Edward F. Collins, high school principal, for their active co-operation with this department in establishing our evening school for veterans.

Finally, I wish to express to you members of the Board of Selectmen, to the members of the Veterans' Advisory Committee, and to the American Legion my sincere thanks for your excellent co-operation.

Respectfully submitted,

LIONEL R. TRUDEAU,

Director.

**REPORT OF THE INSPECTOR OF SLAUGHTERING**

South Bellingham, Mass.

January 3, 1947.

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report as Inspector of Slaughtering for the Town of Bellingham for the year ending December, 1946.

I have inspected all slaughtered animals that I have been requested to and have stamped the meat of said slaughtered animals as is required by the laws of the Commonwealth of Massachusetts.

All animals which are to be slaughtered and offered for sale as human food, or any part of which is to be offered for sale, must be inspected at the time of slaughtering, and the meat properly stamped by the Inspector of Slaughtering.

Domestic animals slaughtered for home consumption need not be inspected and stamped.

During the year three slaughtering licenses have been issued and due to the shortage of meat, more local animals have been slaughtered in the town than any time in the history of Bellingham.

I have been requested to inspect and stamp 209 cattle, 78 hogs and 37 calves, during the year ending December 31, 1946.

I am of the opinion that those who have slaughtered animals in the town for local sale have been careful to comply with the laws covering the inspection and stamping. I wish to thank them for their co-operation.

Respectfully submitted,

**OVILA MAJEAU,**  
**Slaughtering Inspector.**

## REPORT OF THE BOARD OF ASSESSORS

Bellingham, Mass.  
Jan. 21, 1947.

The Board of Assessors herewith present a summary of the figures used in fixing the 1946 tax rate:

Gross amount to be raised		\$244,093.58
Total estimated receipts and available funds		\$110,707.63
Net amount to be raised by taxation on polls and property	\$133,385.95	
Number of polls, 1020		2,100.00
Total valuation on personal property	\$284,726.00	\$12,670.31
Total real estate	\$2,665,520.00	\$118,615.64
		\$133,385.95

Total valuation of real and personal property—\$2,950,246.00.

Tax rate for 1946—\$44.50 per thousand

The increased valuation from previous year—\$187,816.00.

ELLSWORTH R. CROOKS  
FRANCIS P. DIGGINS

Board of Assessors of Bellingham.

## REPORT OF THE BUREAU OF AID TO DEPENDENT CHILDREN

The Bellingham Bureau of Aid to Dependent Children aided the total of six cases during the year of 1946 with a total of \$3891.61 being spent on these cases. The following is a breakdown of the net cost to the town for this caseload:

Federal cost of case load	1059.90
State cost of caseload	1296.81
Town cost of caseload	1534.90
	3891.61
Total cost	

During the year the town received the following reimbursements:

Federal Government	1095.79
State	1161.97
	2257.76
Total	

The average cost per case is bound to be higher during 1947 unless unforeseen circumstances arise, in view of the fact that the Standard State Budget system will be in force for a full year instead of for four month period. The adoption of this budget, along with budget increases made effective in September, 1946, very seriously effected the average caseload cost for the last four months of 1946.

---

#### REPORT OF THE BUREAU OF OLD AGE ASSISTANCE

The Town aided through this Department a total of 119 cases of which 22 were State cases and eight were out of town cases. The total of these payrolls was \$54,308.12, broken down as follows:

Federal cost	22,334.00
State cost	23,502.09
Other towns	510.00
Bellingham cost	7,965.03
<hr/>	
Total	54,308.12
of this total 11,337.90 was spent on State cases gross 3080.06 was spent on out of town cases.	
Total expenses of department payrolls	54,308.12
Salaries	1,275.00
Stationery and supplies	167.55
Stamps	104.00
Adding machine	120.00
Outside towns	361.64
<hr/>	
	56,336.31
Total funds available for the department:	
Balance January 1, 1946	2,567.41
March appropriation	32,000.00
October transfer	3,200.00
Federal funds	21,187.67
Refunds	422.81
<hr/>	
	59,377.89
Total spent	56,336.31
<hr/>	
Balance Dec. 31, 1946	3,041.58

Thus it may be seen that out of a total cost of \$56,336.31, the net cost to the town is \$9,993.22, and this figure covers all the town costs for its cases inside the town and cases paid for out of the town. In view of the fact that the State and Federal Governments contribute so much more than the Town of Bellingham it is logical that the Town of

Bellingham does not have much control over the cost per case on its Old Age Rolls. All normal cases are figured on a Standard Budget drawn up by the State Department of Public Welfare. Any variations from this Standard Budget must be explained to the State Department's satisfaction. If a case is eligible under the State regulations the Bureau of Old Age Assistance is compelled to place the case on its rolls, and pay the sum due the case under the Standard Budget system. Thus the regular grants on the Old Age rolls are more or less fixed. The expenditures of the department will be increased over and above normal budgetary figures to cover the cost of medicine, doctors, dentists, hospital bills and other allied costs.

In the long run the expenditures of the Bureau of Old Age Assistance are dependent upon the following four factors, if we assume that budget figures remain the same:

- a) The number of cases in the Caseload of Old Age Assistance
- b) The Physical Condition of the caseload
- c) The Living conditions of the caseload dependent upon
  - 1) number of cases living with children, 2) the number maintaining their own homes, 3) the number boarding, and 4) the number in rest homes or hospitals
- d) Number and amount of payments after death for medical, hospital care and funeral bills.

It is possible to maintain the same caseload, and have a decrease or an increase due to changes in the other three factors. Thus it may be readily seen that the total expenditures of the Department are totally dependent upon these factors, if the Standard Budget figures remain unchanged. If the Standard Budget increases then it will be another factor in determining the cost of caseload, a factor which can very seriously effect the costs of the department. It is impossible to base any comparison of the department's expenditures on a cost per case with that of any other department or with any other year in view of the above mentioned four factors. With unsettled conditions prevailing in employment picture as far as the older employees are concerned, and a higher cost per case prevailing at the close of the year, than at the start of 1946, the board feels that it is necessary to request a higher appropriation at the Annual Town Meeting than asked for at the 1946 meeting.

### BOARD OF PUBLIC WELFARE

During the year of 1946 the Welfare Department aided a total of 33 cases, three of which were settled in other towns and fourteen were State cases.

The board spent the following sums:

For direct aid to cases in town	10,378.71
Paid other towns	715.94
Salary clerk	1,065.00
Salaries of board members and expenses	250.00
Telephones	173.69
Miscellaneous	11.10
	<hr/>
	12,594.44

From this expenditure of \$12,594.44 the town will be reimbursed as follows:

From the State	4,505.29
Other towns	840.43
	<hr/>
Total reimbursement	5,345.72
	<hr/>
Total expenditures	12,594.44
Less reimbursements	5,345.72
	<hr/>
Net cost to town	7,248.72

In comparing this with last year's expenditures the total in 1945 was \$10,936.30 as compared with \$12,594.44 in 1946. The net cost to town in 1945 was \$6593.50 as compared with \$7248.72 in 1946. Thus while the expenditures for the year increased \$1658.14 over 1945 the net cost to the town was only \$395.22 higher. This can only be explained by the board securing higher reimbursements from the State and other towns during 1946.

The board feels that the increase in welfare costs over the year of 1945 can be traced directly to increased costs of living which are so apparent to everyone these days. The board cannot be expected to carry the present caseload at the same cost per case as in prior years, in view of the higher costs for everything that the board must secure. If the State Legislature would pass a law enabling the Boards of Welfare to place non-citizens on the Old Age Rolls, the Bellingham board would be able to very drastically reduce the cost of caseload on Welfare. This appears to be the only change that can aid us in reducing the welfare costs.

FRED WHALEN, Chairman Board of Welfare  
 ROY E. ADAMS, Member Board of Welfare  
 RAYMOND MOWRY, Member Board of Welfare

### LIBRARIAN'S REPORT

The annual report of the librarian for the Bellingham Public Library is herewith presented.

There has been a slight decrease in the number of adult books loaned during the past year, although the number of juvenile books loaned out has shown a decided increase.

We have been very fortunate this year in receiving an unusually large number of books as gifts from interested townspeople. These gifts contained many valuable reference books as well as an unusually fine selection of fiction. We would like to take this opportunity to thank these valued friends.

We greatly appreciate the co-operation of the teachers in helping in the selection of the correct books for the school children. A large percentage of our patrons are children and it is essential that they receive books appropriate to their age group in order to develop proper reading habits for later life.

At this time, I would like to express my grateful appreciation to the trustees, my assistants and the janitor for their co-operation.

Respectfully submitted,

LILLIAN GRANGER,

Librarian.

## REPORT OF WATER COMMISSIONERS

The Water Commissioners organized on March 9, 1946, the Monday after Election. Mr. Rodolf Beauregard was elected Chairman, and Mr. William Gaudette was elected collector for the Water Department, Mr. Otto Meotti was renamed Superintendent of the water system, and Mr. Ellsworth Crooks was appointed clerk of the Water Department. The Water Department was requested to install 40 new services during 1946, 31 of which were completed and the remainder were very nearly completed. The board has already requests for 25 new services during 1947, and expect at least another 25 during the year.

The Wrentham Street water mains are over one-half completed, and it is expected that this project will be completed in the near future. This project would have been completed in the early summer of 1946 if there had not been a shortage of pipe and other supplies.

The Water Commissioners wish at this time to express their appreciation to the Board of Selectmen, and other town officials, and to the townspeople for their help and consideration during the year of 1946.

**RODOLPH BEAUREGARD, Chairman  
WILLIAM GAUDETTE, Collector  
TIMOTHY A. RIORDAN**

Board of Water Commissioners.

**REPORT OF THE FINANCE COMMITTEE**

To the Citizens and the Moderator of Bellingham:

Immediately upon organization, your Finance Committee adopted the following principles:

1. That the interests of the taxpayers predominate all our deliberations.
2. That every effort must be brought to bear toward a prudent use of the taxpayers' monies by all departments of the town.
3. That all the citizens be frequently informed of the conduct and state of their town's affairs.

All articles in town meeting warrants were seriously considered. Never during the year was your committee afforded sufficient time for thorough investigations relative to warrant articles.

We suggest that sponsors of articles present copies to the Finance Committee at the time they are submitted to the Selectmen for inclusion in a warrant. Doing so would provide several extra days for your committee's consideration, thus making a more comprehensive recommendation possible.

It is recommended that the Selectmen include in the warrant for every Annual Town Meeting, an article worded as follows: "To choose any Committee and hear the report of any Committee; or act or do anything in relation thereto." The right of the citizens and taxpayers to question procedures is thereby protected.

Your Committee finds that the existing headquarters of the town's Police Department, located at Silver Lake, is too remote to be conducive to the maximum possible protection of the lives and property of the inhabitants. It is recommended that the Selectmen be petitioned for an immediate correction of this most serious matter.

Careful perusal of the tax book of 1946 reveals numerous instances of inequitable assessments indicative of a too elastic valuation policy on the part of the Board of Tax Assessors, resulting in considerable tax revenue loss to the town.

We recommend the appointment of a committee to consider the employment of some firm of expert appraisers to revalue all real estate in the town.

Your committee proposes to confine itself to recommendations of only the broadest scope in the Annual Town Report. Periodic specific reports and recommendations will be issued in bulletin form, or through the press, if possible. Departmental budget and article recommendations for the Annual Town Meeting will be published and made available to the voters in pamphlet form. We believe that method will provide the most convenient ready reference at the March meeting.

The acceptance by the town of the first set of by-laws in Bellingham's history was the culmination of our major effort of the year. Your Finance Committee of the year 1946 is pleased to go on record as the successful proponent of this most vital implement to the sound conduct of the town's affairs.

Respectfully submitted,

ANDOR DE JONY, Chairman

### **REPORT OF THE TREE WARDEN**

To the Honorable Board of Selectmen:

I submit my report as tree warden for the year 1946.

Trimming has been done on the following streets: Wrentham, Paine, Lake, Luke, Pulaski Blvd., South Main, Depot, and a part of Hartford Ave. and Maple St.

The sum of \$1064 appropriated for tree warden was spent as follows:

Salary, \$300.00  
 Labor, \$742.23  
 Supplies, \$21.67.

Yours truly,

**SYLVIO DALPE,**

Tree Warden.

### **REPORT OF THE CHIEF OF THE FIRE DEPARTMENT**

January 8, 1947.

To the Honorable Board of Selectmen:

As Chief of the Fire Department and Forest Fire Warden, I hereby wish to submit the following report for the year ending December 31, 1946.

Alarms answered by the fire apparatus are as follows:

Forest and brush .....	63
Building fires .....	12
Chimney fires .....	6
Automobile fires .....	4

Out of town fires .....	2
Dump fires .....	2
Oil stove fires .....	3
Total alarms .....	90

The number of alarms responded to this year was much higher than that of other years. There were, however, no serious forest fires, but we did have a few serious building fires.

Company No. 2 has again done good work in keeping the fires at the Center under control, and the North.

I wish at this time to express thanks to the Fire Departments of our neighboring towns and cities for the valuable assistance they rendered during the past year. I also wish to thank the Board of Selectmen for the splendid co-operation they have given me.

Respectfully submitted,

WASYL KORNICKI,  
Chief of the Fire Department.

#### **REPORT OF THE BY-LAWS COMMITTEE**

At a special Town Meeting held July 8, 1946, the Moderator was authorized to appoint a committee of three for the purpose of compiling by-laws for the town.

On September 13, 1946, the Moderator announced the appointment of your committee, and intensive work was begun immediately.

Extensive survey and inquiry resulted in a set of basic by-laws deemed adequate for submission to the citizens.

Publication in pamphlet form and distribution was made possible through the generous interest of numerous citizens of the town. Necessary legal service was likewise provided. Incidental costs were borne by your committee.

At the special meeting of October 28, 1946, acceptance of the by-laws as submitted was voted. On reconsideration before adjournment the vote was rescinded. Final unquestioned acceptance was voiced at a subsequent special meeting held on December 2, 1946.

Official approval by the Attorney General's office of your by-laws  
is on record as of December 30, 1946.

Respectfully submitted,

JOSEPH I. TAYLOR, Chairman  
HERBERT HANNAH  
ANDOR DE JONY

**REPORT OF AN AUDIT OF THE ACCOUNTS OF THE TOWN  
OF BELLINGHAM FOR THE PERIOD FROM MARCH 20, 1945,  
TO APRIL 25, 1946**

Made in Accordance With the Provisions of Chapter 44,

**General Laws**

August 22, 1946

To the Board of Selectmen,  
Mr. Walter P. Lewinski, Chairman,  
Bellingham, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the books and accounts  
of the town of Bellingham for the period from March 20, 1945, to April  
25, 1946, made in accordance with the provisions of Chapter 44, Gen-  
eral Laws. This is in the form of a report made to me by Mr. Herman  
B. Dine, Assistant Director of Accounts.

Very truly yours,

**FRANCIS X. LANG,**  
Director of Accounts.

Mr. Francis X. Lang,  
Director of Accounts,  
Department of Corporations and Taxation,  
State House, Boston.

Sir:

As directed by you, I have made an audit of the books and accounts  
of the town of Bellingham for the period from March 20, 1945, the date

of the previous audit, to April 25, 1946, and submit the following report thereon:

The books and accounts of the town accountant were examined and checked. The receipts as recorded were checked with the available departmental records and with the treasurer's books, while the payments were compared with the treasurer's warrants authorizing the disbursement of town funds.

The ledgers were analyzed, the appropriation accounts were checked with the amounts voted by the town as shown on the town clerk's record of town meetings, and the transfers from the reserve fund were compared with the amounts authorized by the finance committee, while other accounts were checked with the records of the various departments in which the transactions originated.

It was noted that the balances in the old age assistance and aid to dependent children appropriations were transferred to the Federal grants accounts for these purposes at the close of the year 1945, in which connection it is recommended that the Federal grants received be expended in accordance with Section 7, Chapter 413, and Section 7, Chapter 436, Acts of 1936, and that any unexpended balance in the town appropriations at the end of the year be transferred to surplus revenue.

A trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on April 25, 1946.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments collecting money for the town and with other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants authorizing the treasurer to disburse town funds and with the town accountant's books.

The cash book was footed, and the cash balance April 25, 1946, was verified by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of cash in the office.

Considerable difficulty was experienced in reconciling the treasurer's cash balance, due to the fact that no true reconciliation of the bank balances has been made by the treasurer since the previous audit and to the numerous errors and omissions in entering receipts and payments on his cash book. It was also necessary, in order to recon-

cile the bank balances with the statements furnished by the banks of deposit, to add the check register and to compare the cancelled checks with the warrants for the entire period covered by the audit, which work added materially to the cost of the audit.

It is recommended that the treasurer's cash balance be reconciled at least monthly and that a permanent record be kept of each reconciliation.

The payments of debt and interest were checked with the amounts falling due and with the cancelled securities and coupons on file.

The savings bank books representing the investment of the cemetery trust funds in the custody of the town treasurer were examined and listed, the income being proved and the withdrawals verified.

The records of tax titles held by the town were examined. The additions to the tax title account were compared with the collector's records, the reported redemptions were checked with the receipts as recorded on the treasurer's cash book, and the tax title deeds as listed were checked with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The poll, property, and motor vehicle excise taxes outstanding at the time of the previous examination and recommitted to the present collector, as well as all subsequent commitments, were audited and reconciled with the assessors' warrants. The payments to the treasurer were checked to the treasurer's cash books, the recorded abatements were compared with the assessors' record of abatements granted, the transfers to the tax title account were checked with the treasurer's records of tax titles held by the town, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the outstanding tax accounts were made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts as listed are correct.

The records of dog and sporting licenses issued by the town clerk were examined and checked, the recorded payments to the treasurer and to the State being verified by comparison with the treasurer's books and with receipts on file.

The surety bonds of the town officials required by law to be bonded were examined and found to be in proper form.

The records of water accounts receivable were examined and checked. The accounts outstanding at the time of the previous examination and all subsequent commitments were audited and proved. The payments to the treasurer were verified by comparison with the treasurer's cash book, the abatements were checked with the water commissioners' record of abatements granted, and the outstanding accounts were listed and proved with the town accountant's ledger.

Further verification of the outstanding water accounts was made by sending notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts as listed are correct.

In the examination of the water accounts it was noted that there were a number of outstanding accounts, some of which date as far back as July, 1942, in which connection it is recommended that a determined effort be made to enforce their collection.

It was further noted that although the town had voted at a special meeting held November 23, 1942, to accept the provisions of Section 42A to 42F, Chapter 40, General Laws, as amended, no action has been taken to force the collection of water charges by establishing water liens.

The records of licenses and permits issued by the selectmen, of the receipts of the sealer of weights and measures, as well as the records of all other departments collecting money for the town, were examined, checked, and reconciled with the treasurer's and the accountant's books.

It is recommended that payments by the sealer of weights and measures to the treasurer be made monthly in accordance with the provisions of Section 34, Chapter 98, General Laws.

In checking the paid vouchers on file it was noted that there were a number of bills on which the town had failed to take advantage of the cash discounts offered for prompt payment.

It was further noted that an invoice dated January 2, 1946, for two snow plows with accessories totaling \$1,143.35, was paid January 28, 1946, and charged to the appropriation for snow removal. In this connection it is recommended that a specific appropriation be voted for all purchases of major equipment.

It is also recommended that no vouchers be placed on the warrant for payment unless they contain sufficient detail to determine their correctness.

In addition to the balance sheet referred to, there are appended to this report tables showing a reconciliation of the cash of the treasurer and tax collector, together with summaries of the tax, tax title, departmental, and water accounts, as well as tables showing the trust fund transactions.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

ARTICLE 14. To see if the Town will instruct the Board of Selectmen to increase the wages of the highway employees fifteen (.15) cents per hour, said rates to become effective on March 10, 1947, or act or do anything in relation thereto.

ARTICLE 15. To choose any Committee and hear the report of any Committee; or act or do anything in relation thereto.

And you are hereby directed to serve this Warrant by posting attested copies of said warrant at all designated places, at least seven days before the date of said meeting.

Hereof fail not, and make a due return of this warrant with your doings thereon to the clerk of said town.

Given under our hands at Bellingham this third day of February, 1947.

**AGE OF ADMISSION TO SCHOOL**

Any child who becomes six years of age on or before January 1st of the year following the term when he wishes to enter school may be admitted into the first grade, but in every case the admission of a child under six shall be dependent upon the fitness of the child to profit by the work of the school, such fitness to be determined by the Superintendent. Pupils under seven years of age who have not previously attended school shall not be permitted to enter later than thirty days after the opening of school in September.

**NO SCHOOL SIGNAL**

The no-school signal will be broadcast at exactly 7:00, 7:15 and 7:30 over WWON in Woonsocket. Also during the 7:15, 7:30 and 7:45 broadcast over WNAC, WBZ, and WEAN. If there is no school in the morning, there shall be none in the afternoon.

In the event that schools do not close on any particularly bad day (rain, snow, cold, or other severe weather) parents are requested to use their own judgment in regard to sending their children to school.

ENROLLMENT, OCTOBER 1, 1946

**REPORT OF THE SUPERINTENDENT OF SCHOOLS**

Bellingham, Mass.  
January 15, 1947.

To the School Committee of Bellingham:

Gentlemen:

It is with pleasure that I submit for your consideration my fourth annual report as Superintendent of Schools of Bellingham.

Very few changes occurred in the teaching staff in 1946. Miss Jeanne Mathieu resigned from the High School faculty in January to be married; and Miss Joan Silverson, a teacher already in service, took over the work of Miss Mathieu in the Commercial Department. The return of Mr. Keough from military service just previous to Miss Mathieu's resignation made it unnecessary to engage another teacher. Miss Lucille Riley, of the South School, resigned in March to be married. Mrs. Bertha Richardson replaced Miss Riley until the close of school in June. In September all seventh grade pupils were transferred to the High School. This change made the filling of these two positions unnecessary as the teachers in the Center and South Schools took over their classes. Miss Phyllis Lacouture, of the South School, resigned in the summer to take a better position; and Mrs. Margaret Haine, a former teacher in the school, was engaged to replace her. One additional teacher at the High School was necessary and Miss Yvette Ledoux, a resident of Bellingham and a graduate of Rhode Island College of Education, was engaged to fill this position. This year there have been fewer changes in the teaching staff than in previous years. Frequent heavy turnover of teachers is very undesirable, since it takes some time for any new teacher to become acquainted with school routine and to learn the skills, abilities, and aptitudes of pupils. If teachers can be retained two, three, or more years, their real value to the town becomes evident. Undoubtedly many of our teachers have remained in the school system because of salary increases given them. At the present time we have five substitute teachers. When school opened in September it was impossible to obtain regular teachers for what we could afford to pay, so these teachers, most of whom were with us the preceding year, were asked to keep their positions another year. We have been fortunate indeed in having these experienced teachers with us. Since the opening of school last September our teaching staff has remained intact.

The total school enrollment is practically the same as it was last year. Enrollment by schools as of October 1, 1946, was as follows:

School	Number Pupils
High .....	211
(including Grades 7 and 8)	
South .....	172
Center .....	88
North .....	62
 Total .....	 533

The enrollment on October 1, 1945, was 541. The figures for ages and grades will be found in the Age-Grade Enrollment table. The population of Bellingham in 1935 was 3056. In 1940 it was 2979, and in 1945 was 3494. Hence, in 1945 the Town's population was greater by 438 than in 1935. From these figures, although not official, it would seem reasonable to anticipate an upward trend in the school membership in the next few years.

Sound and satisfactory progress in the regular school programs of study have been made during the year. The retaining of most of our teachers from the preceding year has been to a large extent responsible for this. Emphasis has again been placed on reading and related language arts. Every possible aid has been placed in the hands of teachers and pupils in the first three grades in order that all pupils may receive a solid foundation in reading which is absolutely essential to the work of all the succeeding grades. A reading specialist attended a Teachers' meeting in September and carefully and thoroughly explained every detail of the teaching of reading. A new course of study in arithmetic was prepared by the teachers and is now in use. Other courses and outlines have been in use for some time. More new textbooks have been purchased than for several years past, replacing those that were badly worn and, in some cases, out of date. These books have been largely in the fields of English, reading, spelling, and social studies. A new liquid process duplicator has been purchased and is in use. This machine is used for fast quantity work. As many as several hundred copies of any school material that is written, typewritten, or drawn, can be quickly and conveniently reproduced. The operating expense is only a fraction of the cost of the mimeograph.

The year has been marked by greatly increased costs. Salaries of teachers and janitors have been raised. All supplies and materials of instruction are priced much higher than in the preceding year. Most cities and towns of the State have either already increased, or made plans to increase at once, teachers' salaries. This tendency is nationwide in scope. This has had to be done not only to enable teachers to meet the greatly increased cost of living, but to keep them in the

teaching profession. In 1947 there will be a bill, or bills, introduced in the General Court of Massachusetts to give far greater aid and reimbursements to the municipalities of the Commonwealth for educational purposes. Everyone realizes that either Federal or State aid is absolutely essential to help finance education, our greatest national asset. A Recess Commission of the General Court has been studying this problem for some time. It is not possible at this time to determine whether or not further financial assistance will be received in 1947, but it is very certain that such aid must be forthcoming in the immediate future.

The most important change in the school system from an administrative standpoint was the transfer of all seventh grade pupils to the High School building. For several years the eighth grade pupils in the south part of the town have attended that school, and for the last two years all eighth grade pupils have attended classes in the High School building. In September, by a previous vote of Committee, we transferred all of our seventh grade pupils from the Center and South schools to the High School. As a result of this change, we were able to eliminate one teacher. The extra transportation involved has been taken care of without additional cost. This change has worked out very well. These pupils have more opportunities at the High School than in the grade school buildings. They have departmental work, an expanded physical education program, a chance to receive the benefits of the audio-visual educational program, and numerous other instructional activities.

National Education Week was observed in all schools in November. Special "open house" days were set aside for parents to visit the schools. For the most part the regular classroom programs were followed. Many parents visited their schools at this time and had an opportunity to observe the actual classroom work of the pupils in the different schools. Parents are cordially invited to visit the schools at any time.

An evening school for veterans who wished to complete their secondary school education was organized at the High School building early in the year. Many veterans have taken advantage of this opportunity to complete their high school education. More detailed information on this subject will be found in the Report of the High School Principal.

This year for the most part only routine repairs were taken care of as the necessity arose. Included among the more important repair items are the following: painting and refinishing two rooms at the High School, rebuilding the top of the chimney at the Center School, refinishing desks in three rooms at the Center School, painting one room at the North School, building a new retaining wall at the South School on the Franklin street side, new fire doors at the Center

and North Schools, repairs on furnaces at the South School, and the installation of additional fire safety devices in the three wooden buildings. These last two items were taken care of by a special article in the Town Warrant. Prior to the installation of the fire doors, the Center and North Schools were operating on special ninety day permits. At the present time all of our school buildings are properly certified by the State Department of Public Safety.

The following repairs will have to be considered for 1947. The exterior trimmings of the North and Center Schools should be painted. Almost all of the windows in the North School will have to be re-puttied. Some classrooms should be painted in one or more of these schools, the High, the North, and the Center. A new radiator must be placed in the Center School corridor. A new smoke pipe from the boiler to the chimney must be placed in the Center School. The most important item of repair is again the South School heating plant. Two of the five heating plants in this school are in such poor condition that it is doubtful if they can be used through another winter. They require new domes, if they can be obtained; if not, they should be replaced with new furnaces. Consideration should be given to the idea of installing one central heating plant. At the present time these five separate heating units are very uneconomical to operate, inefficient in heating, and extremely expensive to keep in repair.

In conclusion I wish to express my sincere thanks for your efforts in helping make the year a beneficial one. I also deeply appreciate the excellent co-operation of the school principals, teachers, doctor, nurse, townspeople, parents, pupils, and all others who have contributed to making the past year a most successful one.

Respectfully submitted,

PERCY L. ROWE,

Superintendent of Schools.

**REPORT OF THE HIGH SCHOOL PRINCIPAL**

**Mr. Percy L. Rowe**  
Superintendent of Schools  
Bellingham, Mass.

Dear Mr. Rowe:

I herewith submit my fifth annual report as Principal of Bellingham High School.

The enrollment for the year as of October 1, 1946, was 210. The summary shows that there were 27 Seniors, 27 Juniors, 29 Sophomores, 33 Freshmen, 46 Grade VIII, and 48 Grade VII.

The entire seventh and eighth grades of the town are now housed in the high school building. Instructions in these grammar grades is given by members of the high school faculty.

One new teacher has been added to the teaching staff, Miss Yvette A. Ledoux of Bellingham, a graduate of Rhode Island College of Education. Miss Ledoux is in charge of the Social Science department. When the seventh grade was placed under our jurisdiction it was necessary to increase the staff by one teacher.

The program of studies remains unchanged except that no General Course is offered to the freshmen.

The "Epilogue" will be published again by the class of 1947 under the supervision of the new class advisor, Mr. Harold J. Granger. As usual we ask, for our advertising staff, a kind reception from the business and professional men of the vicinity and from the alumni, and we wish to thank them for their generous co-operation in the past.

For our annual student musical we presented a musical comedy entitled "Fine and Dandy." The cast of this show was open to the entire student body and the presentation was well accepted by the people of the town. Our music supervisor, Mr. Lucien A. Gagne, produced the show and deserves many thanks for his untiring efforts.

At the beginning of the year we installed transcription and amplifying equipment purchased by the school department. To this we added microphones, speakers for all rooms, a booster and a sound studio. All of the latter cost was borne by the school fund and donations by all the classes, and the work of installing the personnel. This equipment enables us to broadcast to all the students the programs recommended for in-school listening by the Department of Education. In addition, we are able to write and produce our own programs thereby giving stu-

dents an opportunity to put what they learn in classes into actual practice before graduation.

Graduation exercises were held on Thursday, June 20, 1946. We graduated a class of 23 members. According to our present plans, the graduation exercises in 1947 will take place on Thursday evening, June 19.

Our baseball team, coached by Mr. Keough, had a very successful season winning their last ten games. The basketball team, at this writing has won 8 and lost 1 and is beyond a shadow of doubt the classiest team this school has ever put on a basketball floor. Our gymnasium facilities are in use seven days and nights a week for, in addition to our own teams, these facilities are used by the C. Y. O. and all town teams.

Mr. A. Russell Mack, state supervisor of secondary education, has again approved our high school in Class A for the current school year.

We conducted our annual magazine drive in late November and it was very successful because of the excellent co-operation and generosity of the townspeople. The money derived from this drive is used for athletics and to defray school expenses not included in the school budget.

The following clubs are sponsored by the teachers:

Knitting Club .....	Miss Kaczor
Camera Club .....	Miss Wanagel and Miss Ledoux
Radio Club .....	Mr. Collins, Director
a) Sound Effects .....	Mr. Granger
b) Script Writing .....	Miss Ballou
c) Dramatics .....	Miss Silverson
d) Music Advisor .....	Miss Addante
e) Announcing, Control and Production .....	Director

To the people of the Town of Bellingham, the Parent-Teacher Association, the Grange, and the American Legion, we wish to express our thanks for the fine support given the school this year.

In conclusion, I wish to express to you, Mr. Rowe, our appreciation for your very co-operative supervision and ask you to convey to the members of the school committee our sincere thanks for their help in making this a very successful year.

Respectfully submitted,

EDWARD F. COLLINS,  
Principal of Bellingham High School.

## REPORT OF THE SCHOOL PHYSICIAN

December 24, 1946

Mr. P. Rowe  
 Supt. of Schools  
 Bellingham, Mass.

Dear sir:

The following is a report of the work done by me as School Physician for the Town of Bellingham during the year 1946. Five hundred children were examined. Physical examination revealed the following defects:

Enlarged Tonsils .....	169
Enlarged Tonsils and Adenoids .....	1
Enlarged Glands .....	5
Defective Teeth .....	12
Heart Murmur .....	2
Skin Condition .....	2

The general condition of the children was found to be excellent. As you will notice on the above there were only two heart murmers recorded in all these examinations. I still suggest that those parents receiving notes in regard to defective tonsils observed in their respective children, should attend to these defects at their earliest convenience to prevent serious complications.

I wish to thank you, Miss Grace Moran, and the entire teaching staff for the co-operation given me this year.

Respectfully submitted,

HAROLD L. SHENKER, M. D.

**BELLINGHAM SCHOOL NURSE'S ANNUAL REPORT—1946**

To Mr. Percy L. Rowe  
Superintendent of Schools.

May I submit to you the annual School Nurse's report for the year ending December 31, 1946.

The Milford District Nurses have just finished their twentieth year of school nursing in Bellingham.

The work in that time has just about tripled.

In 1926, one day a week was spent in doing school-nursing, one-half day in Center and one-half day in South school.

In 1930 and 1931 the work had increased to such an extent with North Bellingham Schools taken over, another day of school nursing was added.

In 1946, the schools were visited at least once a week, usually on Monday afternoon to North School, Wednesday afternoon to Center School and Friday morning to the High School and Friday afternoon to South School.

In January and February the mid-year weighing and measuring and the general inspection of pupils was in progress.

During March and April the annual Toxoid Clinic was in session. This means hours of preparatory work and home visits to make this important event the success it was.

The details of this clinic will be given by Dr. Shenker in his report.

In May and June the final weighing of the children, before the vacation period, was done with weight cards sent home to parents.

Throughout the summer, home visits were made to check on correction of defects found by Dr. Shenker in his physical examinations of the pupils.

At this time, home visits were also made to the children who were entering school for the first time in September.

Early vaccinations, a physical examination and correction of existing defects were urged. As a result of these home visits many defects were corrected.

In September and October the school nurse assisted Dr. Shenker with the annual physical examinations and these findings will be included in Dr. Shenker's report.

In December due to an increase in cases of diphtheria in Massachusetts, the State Department of Health advised the health workers to give further protection to our children by giving them a booster dose of toxoid. This was done for the Bellingham school children and will be accounted for in Dr. Shenker's report.

The following is a summary of the work done by the nurse in her visits to the schools:

Cleanliness inspections .....	110
Inspections for disease .....	149
Pupils treated for minor injuries .....	85
Pupils advised as to health conditions .....	184
Health talks to classes .....	19
Talks with teachers regarding pupils .....	287
Home visits .....	151

Measles, mumps, German measles, impetigo and scabies were the diseases reported and investigated throughout the year.

Some of the money collected in Bellingham by the Salvation Army was used to pay for a pair of glasses for one child.

In closing may I thank Mr. Rowe, the teachers, the School Committee and the parents for their co-operation and confidence.

Respectfully submitted,

GRACE MORAN,

School Nurse.

**BY-LAWS**  
of the  
**TOWN OF BELLINGHAM**  
**Massachusetts**

**ARTICLE I**

**GENERAL PROVISIONS**

*Section 1.* The following provisions shall constitute the General By-Laws of the Town of Bellingham, Massachusetts.

*Section 2.* The repeal of a by-law shall not thereby have the effect of reviving any by-law theretofore repealed.

*Section 3.* Words and phrases specifying or naming any officer, board or committee of the town, shall be construed as including the lawful successor, or the person or persons having the powers and performing the duties of such officer, board or committee.

*Section 4.* Any or all of these by-laws may be repealed or amended or other by-laws may be adopted at any town meeting, an article or articles for that purpose having been inserted in the warrant for such meeting by the Selectmen.

*Section 5.* Whoever violates any of the provisions of these by-laws whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offense.

## ARTICLE II

### TOWN MEETINGS

*Section 1.* The annual town meeting for the election of town officers shall be held on the first Monday of March of each year.

*Section 2.* All business of the annual town meeting, except the election of such officers and the determination of such matters as are required by law to be elected or determined by ballot, shall be considered at an adjournment of such meeting to be held on the succeeding Friday at 8:00 p.m.

*Section 3.* The polls shall be opened at 12 o'clock noon and shall remain open until 8 o'clock in the evening.

*Section 4.* Notice of every town meeting shall be given by posting attested copies of the warrant therefor in at least one public place in each precinct not less than seven days before the day fixed for such meeting.

*Section 5.* At least seven days before the day fixed in the warrant for the annual town meeting, the Selectmen shall cause to be left at each occupied dwelling house and apartment in the town a copy of the report of the Finance Committee and a copy of the Annual Town Report.

*Section 6.* As soon as practicable after the adjournment of any town meeting, on a vote to adjourn to another day, the clerk shall cause a brief statement of the day and hour to which the adjournment was voted and of the business remaining to come before the meeting, to be posted in at least one public place in each precinct, and if the period of adjournment will premit, shall cause a similar notice to appear in a newspaper published in the County of Norfolk and nearest to the Town of Bellingham.

*Section 7.* The number of voters necessary to constitute a quorum at any town meeting shall be seventy-five; provided, however, that a number less than a quorum may from time to time adjourn the same. This section shall not apply to such parts of meetings as are devoted exclusively to the election of town officers.

*Section 8.* Copies of the warrant and of the report of the Finance Committee thereon shall be made available to the voters at all town meetings.

*Section 9.* The moderator shall appoint tellers, who shall permit only registered voters to enter upon the floor of the Town Hall at the Annual or any town meeting; the stage may be occupied under the direction of the Moderator.

*Section 10.* Articles of the warrant shall be acted upon in the order in which they appear unless otherwise determined by vote of the meeting.

*Section 11.* All motions having to do with the expenditure of money shall be presented in writing; other motions shall be in writing if so directed by the Moderator.

*Section 12.* If a motion is susceptible of division, it shall be divided and the question shall be put separately upon each part thereof, if seven voters so request.

*Section 13.* When a question is before the meeting, the following motions, namely: to adjourn; to lay on the table; for the previous question; to postpone to a time certain; to commit, recommit or refer; to amend; to postpone indefinitely; shall be received and shall have precedence in the foregoing order; and the first three shall be decided without debate.

*Section 14.* On proposed amendments involving sums of money, the smaller or smallest shall be put to the question first, and an affirmative vote thereon shall be a negative vote on any larger amount.

*Section 15.* An amendment to a motion shall not be amended.

*Section 16.* Any person who is employed as an attorney by another interested in any matter under discussion at a town meeting shall disclose the fact of his employment before speaking thereon.

*Section 17.* When a question is put, the sense of the meeting shall be determined by the voices of the voters and the Moderator shall declare the vote as it appears to him. If the Moderator is unable to decide the vote by the sound of the voices, or if his decision is immediately questioned by seven or more voters rising in their places for that purpose, he shall determine the vote by ordering a show of hands and he may appoint tellers to make and return the count.

*Section 18.* The meeting may order that the vote on any motion shall be taken by a "Yes" and "No" ballot.

*Section 19.* When a motion for reconsideration is decided, that decision shall not be reconsidered, and no question shall be reconsidered more than once; nor shall any vote be reconsidered on a motion to adjourn, to lay on the table, or for the previous question.

*Section 20.* All committees shall report as directed by the Town. If no report is made within a year after its appointment, a committee shall be discharged unless, in the meantime, the town shall have granted an extension of time.

*Section 21.* No motion the effect of which would be to dissolve the meeting, shall be in order until every article in the warrant therefor has been duly considered and acted upon, but this shall not preclude the postponement of consideration of any article to an adjournment of the meeting at a stated time and place.

*Section 22.* At all special town meetings two-thirds of all voters present and voting shall be required to pass any vote requiring the raising or appropriating of money.

### ARTICLE III TOWN OFFICERS

*Section 1.* The Selectmen shall have the general direction and management of the property and affairs of the town in all matters not otherwise provided for by law or these by-laws.

*Section 2.* The Selectmen shall cause each town officer and department head having custody of town property to keep a true inventory thereof on file, and each officer and department head shall deliver a copy of said inventory to the Town Accountant at least annually.

*Section 3.* The Selectmen shall grant no license or permit for the permanent establishment of any enterprise, commercial, fraternal, or non-profit, without first conducting a public hearing at which owners of adjoining or affected properties shall be heard. The Selectmen shall cause notice of said hearing to appear in one or more newspapers, published in the County of Norfolk and nearest to the Town of Bellingham, at least ten (10) days before the time at which said hearing is to be held.

*Section 4.* In all cases of disposal by sale, of town property, as provided by law or otherwise, the Selectmen shall cause notice of said sale to appear in one or more newspapers, published in the County of Norfolk and nearest to the Town of Bellingham, once a week for at least three weeks, the final publication to be at least ten (10) days before the time advertised for said sale.

*Section 5.* It shall be the duty of the Town Clerk immediately after every town meeting to notify in writing all members of committees who may be elected or appointed at such meetings, stating the business upon which they are to act and the names of the persons composing the committees, and also to notify all officers, boards and committees of all votes passed at such meeting in any way affecting them.

## ARTICLE IV

### FINANCE COMMITTEE

*Section 1.* There shall be a Finance Committee consisting of nine legal voters of the town, three from each precinct at all times, who shall be appointed by the Moderator as hereinafter provided. No elective or appointive town officer or town employee shall be eligible to serve on said committee.

*Section 2.* The Moderator of the town meeting when this by-law is adopted shall within thirty days after such by-law becomes effective, appoint three members of said committee to serve until the annual town meeting in March 1947, three members to serve until the annual town meeting in March 1948 and three members to serve until the annual town meeting in March 1949. At the annual town meeting in March 1947 and at each annual town meeting thereafter the Moderator thereof shall appoint three members of said committee for terms of three years. The terms of office of said members shall commence immediately upon qualification and shall expire at the close of final adjournment of the annual town meeting at which their successors are appointed. Said committee shall choose its own officers and shall serve without pay, and it shall cause to be kept a true record of its proceedings.

*Section 3.* The said committee shall fill any vacancy which may occur in its membership, by vote, attested copy of which shall be sent by the secretary to the Town Clerk. If any member is absent from five consecutive meetings of said committee, except in case of illness, his position shall be deemed to be vacant and shall be filled as herein provided. The term of office of any person so chosen to fill a vacancy shall expire at the final adjournment of the next succeeding annual town meeting, and the Moderator thereof shall appoint his successor to complete the unexpired term of the member in whose office such vacancy originally occurred.

*Section 4.* All articles in any warrant for a town meeting shall be referred to the Finance Committee for its consideration. The selectmen after drawing any such warrant shall transmit immediately a copy thereof to each member of said committee. A public hearing shall be held, at least four days before such town meeting upon all such articles, unless a public hearing by some other tribunal is required by law, and a notice of such hearing shall be given by posting a copy thereof in at least one public place in each precinct. Said committee shall, after due consideration of the subject matter of such articles, report thereon to the town meeting, in writing, such recommendations as it deems best for the interests of the town and its citizens.

*Section 5.* It shall be the duty of the Finance Committee annually to consider the expenditures in previous years and the estimated requirements for the ensuing year of the several boards, officers, and committees of the town, as prepared by them in such form and detail as may be prescribed by said committee. The said committee shall add to such statement of expenditures and estimates another column, giving the amounts which in its opinion should be appropriated for the ensuing year, and shall further add thereto such explanations and suggestions relating to the proposed appropriations as it may deem expedient, and report thereon as provided in section four.

*Section 6.* In the discharge of its duty, said committee shall have free access to all books of records and accounts, bills and vouchers on which money has been or may be paid from the town treasury. Officers, boards and committees of the town shall, upon request, furnish said committee with facts, figures and any other information pertaining to their several activities.

*Section 7.* It shall be the duty of the Finance Committee to make an annual report of its doings, with recommendations relative to financial matters and the conduct of town business, to be contained in the annual town report.

## ARTICLE V FINANCIAL AFFAIRS

*Section 1.* An audit of the accounts of the town shall be made annually under the supervision of the State Division of Accounts, as provided by section thirty-five of chapter forty-four of the General Laws.

*Section 2.* Each officer, board or committee authorized to spend money shall, on or before January seventh of each year transmit to the Town Accountant all unpaid bills outstanding as of December thirty-first of the year next preceding.

*Section 3.* The Town Accountant shall prescribe the methods of accounting and the forms to be used by the several officers, boards and committees of the town pertaining to their receipts and disbursements and shall provide that such methods and forms shall conform to the requirements prescribed by law or any rules or regulations made thereunder.

*Section 4.* All town officers, whether elected or appointed by the Selectmen, shall, except as otherwise provided by law, pay all money belonging to the town, received by them in their respective departments, for the sale of property or from any other source whatsoever, to the Town Treasurer, within one week, and shall make a true return thereof to the Town Accountant, stating the accounts upon which such amounts were received.

## ARTICLE VI

### CONTRACTS BY TOWN OFFICERS

*Section 1.* No officer of the town shall in his official capacity make or pass upon or participate in making or passing upon, any sale, contract or agreement or the terms or amount of any payment in which the town is interested and in which such officer has any personal financial interest, direct or indirect.

*Section 2.* No town officer and no salaried employee of the town, or any agent of any such officer or employee, shall receive any compensation or commission for work done by him for the town, except his official salary and fees allowed by law, without the permission of the Selectmen expressed in a vote which shall appear on their records with the reasons therefor.

*Section 3.* No contract involving an obligation of the town in excess of \$100 shall be binding upon the town unless it is in writing and is signed by at least a majority of the board or committee duly authorized or having control of the appropriation against which such obligation is incurred; and such board or committee shall make a record of every such contract in a book which shall be the property of the town.

*Section 4.* Every contract exceeding \$1,000 shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of such bond if so requested by the officer or board authorized to make the contract.

*Section 5.* No board or officer shall make any contract in behalf of the town, the execution of which shall necessarily extend beyond one year from the date thereof, except as otherwise provided by law, unless specific authority to do so has been given by vote of the town.

*Section 6.* (a) No contract shall be awarded for any work or service to be performed for the town, other than professional service or service performed by a person regularly employed by the town as part of the duties of such employment, the estimated cost of which is one hundred dollars (\$100) or more, and no purchase of materials, supplies or equipment shall be made which is estimated to cost one hundred dollars (\$100) or more, unless competitive bids for such contract or purchase have first been obtained.

(b) The provisions of the preceding section shall not apply:

- (1) In cases of special emergency requiring immediate action for the preservation of life or the protection of property.

- (2) In the case of work or service of a specialized nature for which fair and reasonable competition cannot be obtained.
- (c) If a contract or purchase is made without competitive bids under the exceptions allowed in paragraph (b), such contract or purchase shall have attached to it previous to its audit by the Town Accountant, a certificate by the officer, board or committee authorizing the same, setting forth the reasons why competitive bids were not obtained.
- (d) Competitive bids shall be invited as follows:
  - (1) In the case of contracts for the performance of work or service for the town, by advertisement in one or more newspapers published in the County of Norfolk and nearest to the Town of Bellingham, once a week for at least three consecutive weeks, the final publication to be at least ten (10) days before the time advertised for the opening of bids.
  - (2) In the case of purchases estimated to cost one hundred dollars (\$100) or more, by advertisement in one or more newspapers published in the County of Norfolk and nearest to the Town of Bellingham, once a week for at least three consecutive weeks, the final publication to be at least ten (10) days before the time advertised for the opening of bids.
  - (3) In all cases of competitive bids, by the sending of letters of invitation, all bearing the same date in each instance, to a sufficient number of vendors, contractors or other qualified persons to insure fair competition.
- (e) Every invitation for competitive bids shall state the time and place where plans and specifications of proposed work or materials, supplies or equipment may be obtained, and the time and place at which bids will be opened, and shall reserve to the town the right to reject any or all such bids.
- (f) All proposals shall be opened in public at the time and place specified therefor. No purchase, and no service or work for which a contract is proposed, shall be split or divided for the purpose of evading the provisions of this article.
- (g) All plans and specifications, letters of invitation, bids on which awards have been made, certificates required by paragraph (c), and contracts, shall be kept on file and shall be open to public inspection at reasonable times.

## ARTICLE VII

### LEGAL AFFAIRS

**Section 1.** The Selectmen shall be agents of the town to institute, prosecute and defend any and all claims, actions and proceedings to which the town is a party or in which the interests of the town are or may be involved.

**Section 2.** The Selectmen may at their discretion compromise or settle any claim or suit to which the town is a party, which does not require the payment by the town of an amount in excess of one hundred dollars. No settlement of a claim or suit obligating the town in an amount in excess of one hundred dollars shall be made, except as authorized by law, without the consent of the town meeting.

**Section 3.** The Selectmen in their annual report shall state what actions have been brought against and on behalf of the town, what cases have been compromised or settled, and the current standing of all suits at law involving the town or any of its interests.

**Section 4.** The Selectmen shall annually in March, after final adjournment of the annual town meeting, appoint a person who is a member of the bar in good standing, to serve as Town Counsel for the term of one year from the first day of April following and until his successor is appointed and enters upon the performance of his duties. They shall likewise fill any vacancy in said office for the unexpired term, and may employ special counsel to assist the said Town Counsel whenever, in their judgment, necessity therefor arises.

**Section 5.** It shall be the duty of the Town Counsel to conduct the prosecution defense or compromise of claims, actions and proceeding to which the town is a party, and the prosecution of actions or proceedings by or on behalf of any town officer, board or committee as such; to conduct the defense of any action or proceedings brought against any town officer, board or committee as such when the Selectmen, having determined that any right or interests of the town are or may be involved therein, shall so request; to conduct proceedings brought by or against the Assessors before the Board of Tax Appeals; to assist in the prosecution of complaints for violation of any by-law of the town, when requested so to do by the board or officer enforcing the same; to examine and report upon titles to all land to be acquired by the town; to prepare or approve contracts, bonds, deeds and other legal instruments in which the town is a party or in which any right or interest of the town is involved; to appear at any and all hearings on behalf of the town whenever his services may be required; and

generally to advise and act for the town officers, boards and committees upon and in legal matters touching the duties of their respective offices.

## ARTICLE VIII

### RECORDS AND REPORTS

*Section 1.* All officers, boards and committees of the town, shall cause records of their doings and accounts to be kept in suitable books. Said books shall be kept in their respective places in the town offices, and shall not be removed therefrom. Said books shall, unless otherwise provided by law, be open to public inspection at any reasonable time, but shall remain during such inspection under supervision of the officer, board or committee having custody thereof.

*Section 2.* All officers, boards, standing committees and special committees of the town having charge of the expenditure of town money shall annually report thereon in writing in such manner as to give the citizens a fair and full understanding of the objects and methods of such expenditures, referring, however, to the report of the Town Accountant for statements in detail of receipts and payments, and may make therein such recommendations as they deem proper. Such reports shall be submitted to the Selectmen for inclusion in the annual town report on or before the tenth day of January of each year.

*Section 3.* The annual town report shall contain, in addition to the reports of officers, boards and committees as hereinbefore provided, a detailed report of all moneys received into and paid out of the town treasury in the financial year next preceding, showing separately payments made from the proceeds of loans as capital outlays for permanent improvements; the report of the collector of taxes, of receipts, payments and abatements; statements of all funds belonging to the town or held for the benefit of its inhabitants; a statement of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of indebtedness authorized but not incurred, and the purposes thereof; a statement of transfers made to or from any appropriation; abstracts of the records of all town meetings held since publication of the last annual report; and such other matters as the said report is required by law to contain, or as may be inserted by the Selectmen under the discretion granted them by law.

*Section 4.* The Selectmen, or the Town, may direct that the Assessors' valuation list, the by-laws and standing votes of the town, and the rules or regulations adopted by any officer, board or committee, be printed as a part of the annual town report.

*Section 5.* The Selectmen shall cause the Assessors' valuation list to be published at least once every five years beginning in 1946.
